

## Aerozone case study College visit

### College:

City College Coventry

### Objective of visit:

For Travel and Tourism and Airport Operations students to learn about how the airport operates, and information about the different departments within it. Also to provide an opportunity for the students to meet a variety of colleagues from around the airport.

### How the Aerozone delivered:

A jam packed schedule was organised for the group so that they could get the most out of the day. This included:

- Information about the business of the airport.
- Visits from Air Traffic Control, Jet2 Cabin Crew, Servisair Training Manager and Airport Fire Fighters.
- Visit to the landside areas of the terminal.

### School feedback:

*"Thank you very much for a lovely day".*

*"The guest speakers were excellent".*
